

SAMARITAN
BAGS

SERVING OUR NEIGHBORS

How Can We Help?

Is your business or organization looking for a service project to help your community? Samaritan Bags provides for the immediate needs of those experiencing homelessness or other housing crises. Packing events are easily scaleable and can take place on-site, sparing the hassle of logistics and liability waivers.

Pack It Up!

Bags include toiletries, socks, water and other essential items, as well as resources on where to go for help regarding housing and healthcare. These bags can be donated outright to organizations like homeless shelters or rescue missions, or can be carried around in volunteers' cars for chance encounters.

One Step Forward

is all it takes! We can help you get started - visit samaritanbags.com/business, and we can walk you through every step. You'll receive information on what to pack, where to find packing items, and how to hold socially distanced packing events. You'll also find Samaritan Bags branding to help your team spread the word!

Who We Are

During this time of upheaval due to COVID-19, many of us are looking for ways to give back. With Samaritan Bags, we can show unity and care for others by providing community help for those in need by addressing their immediate, continued, and eternal needs. Like the Samaritan in the parable, we should always be prepared to help those in need, no matter our differences and no matter their current living situation.
